Q12. Read the following passage and answer the questions :

Bears are found in Europe, Asia, Africa and America they are massively built with short tails and thick legs. Bears are not really carnivore. They exception in the polar bear which in its natural state lives on fish and seals. However, in captivity, they seem to enjoy meat, vegetables, fruits, milk, rice and porridge.

Bears are not quite as dangerous as people imagine them. It is like most animals, they will do their best to avoid human being. However, bears are by no means cowardly animals.

Bears have a strong sense of smell but they have very poor eye-sight. They are also dull of hearing but are very intelligent.

Questions : (Answer any three)

- (i) Where are bears founds ?
- (ii) What does a bear eat in captivity ?
- (iii) What is the strongest sense of a bear ?
- (iv) How do people view bear ?
- (v) Which sense of bears is dull and which is strong ?
